

The Peace Connection

John 14:27; 16:33; Romans 5:1

Starter

What comes to mind when you think of peace? How would you define it?

Discussion

1. What are some things that promise to bring us peace but in reality do not?
2. Why should Jesus' promise of peace give us more hope than other supposed sources of peace?
3. How does Jesus' ultimate victory encourage you today?
4. How does it help to know that Jesus told us in advance that there would be trouble in this world?
5. What keeps many people from believing in Jesus?
6. How would you describe your own story of faith?

Bottom Line

Peace is available, attainable and it begins by having a relationship (knowing) with Jesus.
