Explain

Discussion

1. How should this verse change your view of your stuff?
2. How can this promise reduce our anxiety?
3. How is the system rigged to make us discontent?
4. Can “wants” ever be fulfilled?
5. How are you using your resources for God’s kingdom work?
6. What are you sowing into now that will make an impact later?

Bottom Line

In order to have true financial peace you must recognize “your” money isn’t yours, make wise choices, and be content on what you have.
